Education

Liberty University: B.S. Computer Science, Mathematics Minor

Lynchburg, VA

GPA: 4.0

Aug. 2022-May 2026

Relevant classes: Data Structures and Algorithms, Advanced C++, Discrete Math, Calculus III, Matrix and Linear Algebra, Database Design and Management

Projects

Machine Learning Racing Simulation

Oct. 2024

Repo: [Machine Learning Racing Simulation](#)

- Engineered a **machine learning** model using NEAT (NeuroEvolution of Augmenting Topologies) to optimize vehicle behavior, achieving 96% of the fastest lap time in under 25 generations
- Built a robust **custom physics engine** that models 10 key vehicle dynamics (e.g., wheelbase, traction, downforce) to accurately simulate real-world driving conditions and improve race performance
- Developed an interactive simulation using Pygame and Tkinter, enabling real-time track creation, vehicle adjustments, and live **AI performance visualization** to showcase dynamic optimization results

Personal Portfolio Website

Sept. 2024

Repo: zthoffman.com

- Designed and built a responsive personal website from the ground up using HTML, CSS, and JavaScript, ensuring cross-device compatibility and high performance
- Deployed using Cloudflare, optimizing for fast loading times, and achieved a perfect 100/100 score for SEO and performance on multiple key pages

Pawn's Revenge (Object-Oriented Game Development)

April 2023

Repo: [Pawns-Revenge-Python](#)

- Developed a modular, event-driven system implementing advanced object-oriented programming to manage 10+ interacting game entities, showcasing responsive input handling and system design
- Designed custom physics and AI behaviors for game entities, demonstrating complex problem-solving in dynamic systems

Experience

Liberty University

Lynchburg, VA

Competitive Programming Club

Aug. 2022- Present

- Placed **2nd** in the **2023 ACM ICPC Div. II Mid-Atlantic Region**, utilizing algorithms such as dynamic programming, greedy algorithms, and graph traversal (DFS/BFS)
- Collaborated in a team environment to solve advanced algorithmic challenges under timed conditions

French Creek Golf Club

Elverson, PA

Bagroom Attendant

Aug. 2020- Aug. 2024

- Led a team of **5** employees, utilizing **communication** and **leadership** skills to maintain smooth daily operations, delivering high-quality **customer service** to 100+ golfers daily, ensuring prompt assistance and issue resolution

Languages: Python, C++, Java, SQL, JavaScript, CSS, HTML, 6502 Assembly

Frameworks/Tools: NEAT-Python, Git, Docker, MongoDB, Azure, Arduino

Software: Linux, SQL Server Management Studio, Mathematica, Autodesk Fusion, ER Assistant
